

How to Remove Preferences and Data Files

1. Select **Go – Go to Folder...** from the Finder menu.
2. Enter in **~/Library/Application Support**
3. A Finder window should appear. Look inside the Finder window for the folder named **Library Books** and move it to the trash.
4. Select **Go – Go to Folder...** from the Finder menu.
5. Enter in **~/Library/Preferences**
6. A Finder window should appear. Look inside the Finder window for the file named **au.id.haroldchu.mac.librarybooks.plist** and move it to the trash.
